Re: Wall-Mounted Cafeteria Tables

As we are about to outfit our sixth elementary school with Mitchell Wall-Mounted Tables, I wanted to let you know how much we appreciate your company being able to work with our changing delivery schedules.

Your tables continue to meet our needs in schools where the gymnasium and cafeteria are combined, and their performance and ease of use, have kept us coming back time and time again.

I also want to let you know, how nice it is to work with Craig Lipsey and Sandy Rasussen from Kansas Contract Design. They are always able to meet our needs and they definitely represent Mitchell products well.

Sincerely,

Bryan Dunlap  
Coordinator of Purchasing
